Atlanta Science Festival

March 14, 2017

Join us on Saturday, March 18 from 10:00am to 12:00pm for “Invention Protection” in conjunction with the Atlanta Science Festival.

Did you know that the youngest person to receive a U.S. Patent was 6 years old? How about that kids have copyright rights in finger paintings?

Young inventors – Learn about how to protect your ideas and inventions! In our interactive and fun morning, we’ll teach you about copyrights, patents, and trademarks, so you’ll be ready next time that idea strikes!

Girl Scouts – join us to earn your IP Patch

Boy Scouts – this event satisfies parts of your Inventing Merit Badge

Location is 999 Peachtree St. on the 5th Floor. Paid parking is available in the building parking deck and on the street. The

office is approximately one block from MARTA. The building is handicapped accessible and participants will check in with security to get to the conference center. (This is the same building that houses Empire State South.)
